Wheeled agricultural or forestry tractors: noise level (repeal. Directive 77/311/EEC). Codification

2007/0205(COD) - 11/10/2007 - Legislative proposal

PURPOSE: to codify legislation relating to the driver-perceived noise level of wheeled agricultural or forestry tractors.

PROPOSED ACT: Directive of the European Parliament and of the Council.

CONTENT: the purpose of this proposal is to undertake the codification of Council Directive 77/311/EEC of 29 March 1977 on the approximation of the laws of the Member States relating to the driver-perceived noise level of wheeled agricultural or forestry tractors. The new Directive will supersede the various acts incorporated in it. This proposal fully preserves the content of the acts being codified and hence does no more than bring them together with only such formal amendments as are required by the codification exercise itself.
