European Institute of Innovation and Technology (EIT)

2006/0197(COD) - 15/11/2007

The Presidency of the Council informed the Council of the state of play of the draft Regulation on the establishment of a European Institute for Technology (EIT), following the general approach on the proposal for a Regulation, established by the Council in June 2007 (see Council document 11058/07 and the summary of the Council activity of 25 June 2007), and the vote in the European Parliament on 26 September.
