

Civil aviation: safety aspects of aerodromes, air traffic management and air navigation services

2008/0128(COD) - 08/12/2008

In public deliberation, the Council arrived at a partial general approach on a proposal for a Regulation amending [Regulation](#) (EC) No 216/2008 with a view to improving the safety of aerodromes, air traffic management and air navigation services.

The general approach relates to the provisions on air traffic management and air navigation services. Work on the legislative proposal, particularly the part concerning aerodromes, will continue under the Czech Presidency.

The European Parliament should adopt its opinion at first reading soon.
