Preventing and combating trafficking in human beings and protecting victims

2009/0050(CNS) - 04/06/2009

The Council examined the state of play regarding two proposals aimed at:

(a) improving the fight against sexual abuse and exploitation of children (see CNS/2009/0049); and

(b) strengthening the fight against trafficking in human beings.

The Council instructed its preparatory bodies to continue examining the proposals, pending the opinion of the European Parliament.

A number of outstanding issues have been identified concerning both proposals, including:

- the question of the legal basis;
- the penalties' system, in particular the severity of the penalties and the level of differentiation according to the types and gravity of the offences;
- the question of jurisdiction, in particular the extra territorial one in order to combat phenomena such as sex tourism;
- the question of protection of and assistance to victims.
