# Animal and public health: third countries authorised to import certain animals and fresh meat, and the veterinary certification requirements

2009/0146(COD) - 23/02/2010

The Committee on the Environment, Public Health and Food Safety adopted the report by Jo LEINEN (S&D, DE) on the proposal for a decision of the European Parliament and of the Council repealing Council Decision 79/542/EEC drawing up a list of third countries or parts of third countries, and laying down animal and public health and veterinary certification conditions, for importation into the Community of certain live animals and their fresh meat. It recommended that the European Parliament’s position at first reading under the ordinary legislative procedure (formerly known as the codecision procedure) should be to take over the Commission proposal unamended.
