

Wheeled agricultural and forestry tractors: roll-over protection structures

2010/0302(COD) - 27/10/2010 - Legislative proposal

PURPOSE: to codify Council Directive 87/402/EEC on roll-over protection structures mounted in front of the driver's seat on narrow-track wheeled agricultural and forestry tractors.

LEGAL BASIS: Article 114 of the Treaty on the Functioning of the European Union (TFEU).

CONTENT: the purpose of this proposal is to undertake a codification of Council Directive 87/402/EEC of 25 June 1987 on roll-over protection structures mounted in front of the driver's seat on narrow-track wheeled agricultural and forestry tractors.

The new Directive will supersede the various acts incorporated in it. This proposal fully preserves the content of the acts being codified and hence does no more than bring them together with only such formal amendments as are required by the codification exercise itself.

BUDGETARY IMPLICATION: this proposal has no implication for the EU budget.
