Euro: denominations and technical specifications of euro coins

2010/0338(NLE) - 22/03/2011

The Committee on Legal Affairs adopted the report drafted by Sajjad KARIM (ECR, UK) on the proposal for a Council regulation on denominations and technical specifications of euro coins intended for circulation (codified text).

It recommended that the European Parliament approve the Commission proposal as adapted to the recommendations of the Consultative Working Party of the legal services of the European Parliament, the Council and the Commission.
