Mobilisation of the European Globalisation Adjustment Fund: redundancies in the shilbuilding sector in Denmark

2011/2093(BUD) - 20/06/2011

The Council adopted two decisions mobilising an amount of EUR 20.4 million under the European Globalisation Adjustment Fund (EGF) for workers made redundant in Denmark:

- an amount of EUR 14.2 million is allocated for dismissed workers in the enterprise Odense Steel Shipyard, arising from major structural changes in world trade patterns and a decrease in demand for cargo ships as a consequence of the global financial and economic crisis;
- a further EUR 6.2 million will be spent for dismissed workers in the enterprise LM Glasfiber because of a decrease in demand for wind turbines in connection with the crisis.
