

# **Fish stock conservation: removal of fins of sharks on board vessels**

2011/0364(COD) - 19/03/2012

The Council adopted a general approach supporting the landing of all sharks with their fins attached, as proposed by the Commission ([doc 6719/2/12](#)).

The Council will now await the European Parliament's position at first reading before formalising its own position.
