Measures that the Union may take concerning anti-dumping and anti-subsidy matters. Codification

2014/0163(COD) - 14/11/2014 - Committee report tabled for plenary, 1st reading/single reading

The Committee on Legal Affairs adopted the report by Andrzej DUDA (ECR, PL) on the proposal for a regulation of the European Parliament and of the Council on the measures that the Union may take following a report adopted by the WTO Dispute Settlement Body concerning anti-dumping and anti-subsidy matters (codified text).

It recommended the European Parliament to adopt its position at first reading, taking over the Commission proposal as adapted to the recommendations of the Consultative Working Party of the legal services of the European Parliament, the Council and the Commission.

The Consultative Working Party stated that the proposal in question contains a straightforward codification of the existing texts without any change in their substance.
