

Commission Work Programme 2015

2014/2829(RSP) - 15/01/2015

The European Parliament voted on seven draft resolutions dedicated to the 2015 Work Programme setting out the Commission's priorities for the next 12 months. **None of the resolutions presented by the EPP, S&D, ALDE, Greens/EFA, ECR, GUE/NGL and EFDD groups achieved the necessary majority to be adopted.**

It should be noted that the Work Programme sets out 23 new initiatives which the Commission is committed to adopting in 2015. These initiatives focus on concrete actions, notably to give a new boost to **jobs, growth and investment**, in line with the **ten priorities** in the Political Guidelines of the Juncker Commission which are:

- an Investment Plan for Europe implementing the EUR 315 billion investment plan to boost the real economy and create jobs and growth;
- an ambitious Digital Single Market Package creating the conditions for a vibrant digital economy and society;
- a new sustainable climate policy and a socially just energy policy;
- a socio-economically balanced internal market with a strengthened industrial base;
- democratic economic and monetary policies including strengthening the fight against tax evasion and fiscal fraud;
- a fair and balanced free-exchange Agreement with the United States;
- a real justice and fundamental rights policy based on mutual confidence;
- a European Agenda on migration;
- enhancing the EU's role at international level;
- a more transparent and democratic Union.
