

2013 discharge: European Union Agency for Fundamental Rights (FRA)

2014/2089(DEC) - 30/01/2015

Having examined the revenue and expenditure accounts for the financial year 2013 and the balance sheet at 31 December 2013 of the European Union Fundamental Rights Agency (FRA), as well as the Court of Auditors' report on the annual accounts of the Agency for the financial year 2013, accompanied by the Agency's replies to the Court's observations, the Council recommends the European Parliament to give a discharge to the Director of the Agency in respect of the implementation of the budget for the financial year 2013.

Overall, the Council welcomes the Court's opinion that, in all material respects, the Agency's annual accounts fairly present the financial position as at 31 December 2013 and the results of operations and cash flows for the year then ended, in accordance with the provisions of the Agency's Financial Regulation, and that the underlying transactions for that financial year are legal and regular.

Nevertheless, the Court made one observation concerning:

- **financial programming:** while acknowledging the multiannual nature of operations, the Council encourages the Agency to continue improving its financial programming and monitoring of the budget implementation in order to reduce the level of commitments carried over to the next financial year to the strict minimum.
