Codification

2014/0309(COD) - 22/09/2015 - Committee report tabled for plenary, 1st reading/single reading

The Committee on Legal Affairs adopted the report by Heidi HAUTALA (Greens/EFA, FI) on the proposal for a regulation of the European Parliament and of the Council on protection against dumped imports from countries not members of the European Union (codified text).

The committee recommended the European Parliament to adopt its position at first reading **taking over the Commission proposal** as adapted to the recommendations of the Consultative Working Party of the legal services of the European Parliament, the Council and the Commission.

According to the Consultative Working Party of the legal services of the European Parliament, the Council and the Commission, the proposal in question contains a straightforward codification of the existing texts without any change in their substance.

The proposed regulation aims to transpose into EU law the anti-dumping rules contained in the Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994. It contains detailed rules, relating in particular to the calculation of dumping, procedures for initiating and pursuing an investigation, including the establishment and treatment of the facts, the imposition of provisional measures, the imposition and collection of anti-dumping duties, the duration and review of anti-dumping measures and the public disclosure of information relating to anti-dumping investigations.
