2015 discharge: Euratom Supply Agency

2016/2183(DEC) - 07/02/2017 - Supplementary non-legislative basic document

Having examined the revenue and expenditure account for the financial year 2015 and the balance sheet as at 31 December 2015 of the Euratom Supply Agency (ESA), as well as the Court of Auditors' report on the annual accounts of the Agency for the financial year 2015, accompanied by the Agency's replies to the Court's observations, the Council recommended the European Parliament to give a discharge to the Director General of the Agency in respect of the implementation of the budget for the financial year 2015.

The Council welcome the Court's opinion that, in all material respects, the Agency's annual accounts present fairly its financial position as at 31 December 2015 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of the Agency's Financial Regulation, and that the underlying transactions for 2015 are legal and regular in all material respects.

Nevertheless, it made the following comment:

- **financial programming**: the Council noted that a high level of commitment appropriations was carried over to 2016. It encouraged the Agency to continue improving its financial programming and monitoring of the budget implementation, in order to reduce the level of commitments carried over to the following financial year to the minimum strictly necessary.
