Automated data exchange with regard to dactyloscopic data in Latvia

2016/0818(CNS) - 28/03/2017 - Committee report tabled for plenary, 1st reading/single reading

The Committee on Civil Liberties, Justice and Home Affairs adopted, in line with the consultation procedure, the report by Claude MORAES (S&D, UK) on the draft Council implementing decision on the automated data exchange with regard to dactyloscopic data in Latvia, and replacing Decision 2014/911 /EU.

The committee recommended the European Parliament to **approve** the Council draft.

The proposed Council implementing Decision seeks, for the purpose of automated searching of dactyloscopic data, to authorise Latvia to be entitled to receive and supply personal data pursuant to Decision 2008/615/JHA on the stepping up of cross-border cooperation, particularly in combating terrorism and cross-border crime.
