

2016 discharge: European Agency for Safety and Health at Work (EU-OSHA)

2017/2152(DEC) - 12/09/2017 - Court of Auditors: opinion, report

PURPOSE: presentation of the EU Court of Auditors' report on the annual accounts of the European Agency for Safety and Health at Work (EU-OSHA) for the financial year 2016, together with the Agency's reply.

CONTENT: in accordance with the tasks conferred on the Court of Auditors by the Treaty on the Functioning of the European Union, the Court presents to the European Parliament and to the Council, in the context of the discharge procedure, a Statement of Assurance as to the reliability of the annual accounts of each institution, body or agency of the EU, and the legality and regularity of the transactions underlying them, on the basis of an independent external audit.

This audit concerned, amongst others, the annual accounts of the European Agency for Safety and Health at Work (**EU-OSHA**). In brief, the Agency's task is to collect and disseminate information on national and Union priorities in the field of health and safety at work, to support national and Union organisations involved in policymaking and implementation and provide information on preventive measures.

Statement of Assurance: pursuant to the provisions of Article 287 of the Treaty on the Functioning of the European Union (TFEU), the Court has audited:

- the annual accounts of the Agency, which comprise the financial statements and the reports on the implementation of the budget for the financial year ended 31 December 2016;
- the legality and regularity of the transactions underlying those accounts.

Opinion on the reliability of the accounts: in the Court's opinion, the Agency's annual accounts present fairly, in all material respects, its financial position as at 31 December 2016 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation and the accounting rules adopted by the Commission's accounting officer.

Opinion on the legality and regularity of the transactions underlying the accounts: the Court considered that the transactions underlying the annual accounts for the year ended 31 December 2016 are legal and regular in all material respects.

The report also makes a series of observations on the budgetary management of the Agency, accompanied by the latter's response. The main observations may be summarised as follows:

The Court's observations:

- **budgetary management:** the Court noted that the level of committed appropriations carried over for administrative expenditure remains high. These carry-overs mainly concern IT services which had not yet been fully delivered or been invoiced by the end of the year. The Agency may consider introducing differentiated budget appropriations to better reflect the multi-annual nature of operations and unavoidable delays between the signature of contracts, deliveries and payments.

The Agency's replies:

- **budgetary management:** the Agency stated that it will study the possibility of introducing differentiated appropriations in order to see if the budget management can be improved.

Lastly, the Court of Auditors' report contains a **summary of the Agency's key figures in 2016:**

- **Budget:** EUR 16.7 million.
- **Staff:** 65 including officials, temporary and contract staff and seconded national experts.
