2016 discharge: European Aviation Safety Agency (EASA)

2017/2158(DEC) - 20/02/2018 - Supplementary non-legislative basic document

Having examined the revenue and expenditure accounts for the financial year 2016 and the balance sheet as at 31 December 2016 of the **European Aviation Safety Agency (EASA)**, as well as the Court of Auditors' report on the annual accounts of the Agency for the financial year 2016, accompanied by the Agency's replies to the Court's observations, the Council recommended the European Parliament to **give a discharge** to the Executive Director of the Agency in respect of the implementation of the budget for the financial year 2016.

The Council welcomed the Court's opinion that, in all material respects, the Agency's annual accounts present fairly its financial position as at 31 December 2016 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of the Agency's Financial Regulation, and that the underlying transactions for 2016 are legal and regular in all material respects.

The Council drew the Agency's attention to the fact that according to the Agency's founding Regulation the Industry **fees** levied should be adequate to cover the Agency's cost and that the Regulation does not foresee an accumulated surplus.
