2018/2203(DEC) - 28/06/2018 - Non-legislative basic document

PURPOSE: presentation by the Commission of the consolidated annual accounts of the European Union for the financial year 2017, as part of the 2017 discharge procedure.

Analysis of the accounts of the **European Insurance and Occupational Pensions Authority (EIOPA)**.

CONTENT: the organisational governance of the EU consists of institutions, agencies and other EU bodies whose expenditure is included in the general budget of the Union.

This Commission document concerns the **EU's consolidated accounts for the year 2017** and details how spending by the EU institutions and bodies was carried out. The consolidated annual accounts of the EU provide financial information on the activities of the institutions, agencies and other bodies of the EU from an accrual accounting and budgetary perspective.

It is the responsibility of the Commission's Accounting Officer to prepare the EU's consolidated annual accounts and ensure that they present fairly, in all material aspects, the financial position, the result of the operations and the cash flows of the EU institutions and bodies with a view to granting discharge.

Discharge procedure: **the final step of a budget lifecycle is the discharge**. It is the decision by which the European Parliament '**releases**' the Commission from its responsibility for management of a given budget by marking the end of that budget's existence. It is granted by the European Parliament on the recommendation of the Council.

The decision is based in particular on the European Court of Auditors reports, in particular its annual report, in which the Court provides a Statement of Assurance (DAS) on the legality and regularity of transactions (payments and commitments).

The procedure results in the granting, postponement or refusal of discharge.

The final discharge report including specific recommendations to the Commission for action is adopted in plenary by the European Parliament and are subject to an annual follow up report in which the Commission outlines the concrete actions it has taken to implement the recommendations made.

All EU institutions and other agencies, bodies and joint undertakings are subject to their own discharge procedures.

The European Insurance and Occupational Pensions Authority (EIOPA): the EIOPA, which is located in Frankfurt (DE), was set up by Regulation (EU) No 1094/2010 of the European Parliament and of the Council with a view to improving the functioning of the internal market by means of ensuring a high, effective and consistent level of prudential regulation and supervision, protecting policyholders, pension scheme members and other beneficiaries.

As regards the accounts, the total budget implementation rate for commitments, including commitments from internal assigned revenue, reached 99.45% in 2017, which corresponds to an absolute total of EUR 23 968 838. The commitment implementation ratio was even higher for the voted budget appropriations reaching 99.79%.

This is the result of EIOPA's further strengthened budget planning process which led to these positive results.
