

New general budget of the European Union for the financial year 2019

2018/2275(BUD) - 30/11/2018 - Commission draft budget

PURPOSE: presentation of the second draft general budget of the European Union for the 2019 financial year.

BACKGROUND: on 21 June 2018, the Commission transmitted the draft budget for 2019. On 4 September 2018, the Council completed its reading of the draft budget and on 25 October 2018 the European Parliament adopted its reading. On 16 October, the Commission transmitted amending letter 1 /2019 with updated estimates for the year 2019. As the European Parliament adopted amendments to the draft budget which could not be accepted by the Council, a Conciliation Committee was convened.

In the absence of agreement in the Conciliation Committee, the Commission now submits a second draft budget for 2019, in which it is seeking to reconcile the positions of the European Parliament and Council, without recourse to a further period of conciliation because of timing constraints.

The second draft budget for 2019 (including special instruments) is as follows:

- ***total commitment appropriations would amount to EUR 165 605.6 million***, corresponding to 1.00% of GNI, an increase of EUR 4 909.2 million compared to 2018 (+3.1%).
