Aviation safety with regard to the withdrawal of the United Kingdom from the Union

2018/0434(COD) - 13/02/2019 - Text adopted by Parliament, partial vote at 1st reading/single reading

The European Parliament adopted by 603 votes to 103, with 5 abstentions, amendments to the proposal for a regulation of the European Parliament and of the Council on certain aspects of aviation safety with regard to the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the Union.

The matter was referred back to the committee for interinstitutional negotiations.

Through their amendments, Members specified that the rules and obligations concerning certificates governed by the Regulation under discussion shall apply to both holders and issuers of certificates.

The competent authorities of the Member States or the Agency, as the case may be, shall take account of the examinations taken in training organisations subject to oversight by the competent authority of the United Kingdom but which have not yet led to the issuance of the license prior to the date of application referred to in this Regulation, as if they had been taken with a training organisation subject to the oversight of the competent authority of a Member State.
