In particular, it noted that:

- the Centre uses an exemplary performance measurement system that includes key performance indicators to assess the added value provided by its activities in the project, activity and organisational levels and other measures to improve its budget management;
- the Centre's Work Programme 2018 has been fully implemented in line with the set objectives, targets and indications;
- a feasibility study should be conducted in order to assess the possibility of, if not fully merging, then at the very least setting up shared synergies with Eurofound;
- on 31 December 2018, the establishment plan was 96.70 % executed, with 12 officials and 76 temporary agents appointed out of 78 temporary agents and 13 officials authorised under the Union budget;
- in an audit conducted by the internal audit service on the Centre's human resources management and ethics, recruitment procedures were still ranked as critical;

- the Centre's new founding regulation extends the mandate of the Centre to include qualifications and skills policies in addition to VET but additional resources have not been provided to cover the increased workload.
