

# 2019 discharge: General budget of the EU - European Committee of the Regions

2020/2146(DEC) - 25/03/2021 - Committee report tabled for plenary, single reading

The Committee on Budgetary Control adopted the report by Alin MITUA (Renew Europe, RO) calling on the European Parliament to grant discharge to the Secretary-General of the Committee of the Regions in respect of the implementation of the general budget of the European Union for the financial year 2019, Section VII – Committee of the Regions.

It welcomed the fact that the Court of Auditors observed that no significant weaknesses had been identified in respect of the audited topics relating to human resources and procurement for the Committee. The Court concluded that the payments as a whole for the year ended on 31 December 2019 for administrative and other expenditure of the Committee was free from material error.

## ***Budgetary and financial management***

In 2019, the Committee had an approved budget of EUR 98 751 000 (compared to EUR 96 101 000 in 2018). The execution rate for commitments in 2019 was 99.6 % (compared to 99.3 % in 2018) and that the execution rate for payments in 2019 of 88.8 % was lower than the execution rates for payments in 2018 of 91.0 %. The final execution rate for payment for 2019 will be higher at the end of the budget cycle (after payment of carry-overs).

## ***Human resources***

The report noted that the total number of staff in 2019 was 576 (compared to 538 in 2018). It noted that the number of posts in the establishment plan amounts to 491 which is considered by the Committee as insufficient. Members regretted that the situation in terms of gender balance in middle and senior management positions has not improved but has rather remained relatively stable since 2018, with 35% of these positions being filled by women. They did however welcome the increased flexitime and teleworking arrangements to improve the work-life balance of staff, as well as the continuation of the stress and burnout prevention programme.

## ***Internal management***

Members noted that the budget of the Committee has been growing over the past years (EUR 96 100 540 in 2018, EUR 98 751 065 in 2019 and a projected EUR 101 508 480 for 2020). However, they noted with concern that these resources are not being used efficiently and that their original purpose is no longer being fulfilled. They underlined that unlike the budget, the number of opinions issued by the Committee has gone down (71 in 2017, 78 in 2018 and only 49 opinions in 2019), which is alarming.

The report noted that a compliance and effectiveness exercise was launched in 2019 to assess to what extent the Committee complies with the 16 internal control standards. This exercise showed that the overall state of implementation and effectiveness of the requirements remained satisfactory and stable as compared to 2018. However, areas for further improvement were identified including the alignment of the Committee's mission and organisational structure with new priorities, administrative cooperation between the Parliament and the Committee, further digitalisation of data storage and simplification of administrative processes as well as an in-depth revamp of the existing business continuity plan arising from the experiences acquired during the current COVID-19 situation.

The Committee was called on to strengthen its efforts to analyse the situation with a view to attaining a fully paperless tendering environment for all procurement procedures.

***Ethics and transparency***

The Committee is asked to present a report on the implementation of the code of conduct. Members noted that no new cases of whistleblowing have been submitted in 2019. They called on the Committee to follow the good example of other bodies in publishing on its website a chapter on ethics, consisting of rules to prevent, identify and avoid potential conflicts of interests and which are applicable to all members and staff of the Committee.

A high level of transparency should be respected with respect to lobbying meetings which might influence members and staff in their advisory role to the Union institutions.
