CONTENT: the European Globalisation Adjustment Fund for Displaced Workers (EGF) aims to demonstrate solidarity and promote decent and sustainable employment in the Union by providing support for workers made redundant and self-employed persons whose activity has ceased in the case of major restructuring events and assisting them in returning to decent and sustainable employment as soon as possible.

The European Parliament and the Council have decided that for the general budget of the European Union for the financial year 2024, the European Globalisation Adjustment Fund (EGF) will be mobilised to provide the sum of **EUR 1 882 212** in commitment and payment appropriations in response to the application submitted by Denmark following 751 redundancies at the company Danish Crown (Danish Crown A/S) and 2 suppliers and downstream producers resulting from the closure of Danish Crown's slaughterhouse in Sæby.

The annual allocation to the EGF will not exceed EUR 30 million (at 2018 prices).

The application is deemed admissible under the intervention criteria of Article 4(2)(a) of the EGF Regulation, which requires at least 200 workers being made redundant over a reference period of four months in an enterprise in a Member State, including workers made redundant by suppliers and downstream producers and/or self-employed persons whose activity has ceased.

The agreed amount is intended to cover the following activities:

- motivation;

- retention;

- training on general competences;

- upskilling/reskilling training;

- training and job-search allowance.
