Kaleidoscope: Community action programme 1996-1998 to support artistic and cultural activities with a European dimension

1994/0188(COD) - 27/11/1995

The Council established that it was not in a position to accept all the European Parliament’s amendments to its common position on the Decision establishing a programme to support artistic and cultural activities having a European dimension (Kaleidoscope). It therefore proposed to the European Parliament that the Conciliation Committee be convened in accordance with Article 189b of the Treaty.
