Extension of PHARE programme to Croatia (amend. Regul. 3906/89/EEC)

1994/0271(CNS) - 12/06/1995

Following the agreement in principle reached on 29 May 1995, the Council decided formally to include Croatia among the recipient states of the Phare economic programme. To that end, it amended Regulation (EEC) No 3906/89 on that programme. It also approved the text of a letter to be sent to the Croatian Government, which draws attention, *inter alia*, to the commitment of the recipient countries to respect democratic principles and fundamental human rights.
