Results of the Stability Pact

1995/2026(INI) - 06/03/1995

The Council held a discussion on the latest developments with regard to the Stability Pact process prior to the final Conference in Paris on 20 and 21 March. It took note of the final document as well as the Annex thereto to be submitted as they stood to the Conference for adoption. The Council also heard the Commission’s introduction concerning the measures to accompany the Stability Pact. The Council noted finally that, as matters stood, it seemed likely that the Union would achieve its aims at the Conference. If this favourable trend was to be consolidated a significant commitment would, however, be required in the coming weeks.
