2004 enlargement: preparation of the CEECs for integration into the internal market. White paper

1995/2064(COS) - 12/06/1995

The Council agreed on the conclusions on the Commission’s White Paper on the preparation of the associated countries for their integration into the internal market of the Community, which it agreed to submit for the attention of the Cannes European Council. It also felt that it should submit to the Cannes European Council a report on the implementation during the first half of 1995 of the strategy to prepare those countries for accession.
