

Fruit and vegetables: common organisation of the market COM

1995/0247(CNS) - 04/06/1996

On the basis of the compromise from the presidency, which had already been discussed during the meetings of 29-30 April and 20-21 May 1996, the Council continued to examine in depth a number of the questions involved, including the level of Community set-aside compensation, national cofinancing by the operational fund, the recognition of inter-trade organisations and the system of quotas being applied to processed tomatoes.
