

Beef: identification and registration of bovine animals, labelling of beef and beef products

1996/0229(CNS) - 17/03/1997

After lengthy discussions the Council reached unanimous political agreement, on the basis of a Presidency compromise proposal, on a draft single Regulation based on Article 43 of the Treaty. It will be remembered that, further to the Opinion of the European Parliament, the Commission decided to combine the two original proposals based on Article 43 of the Treaty, which provides for a codecision procedure. The Council did not concur with the Commission on the issue of the legal basis for its proposal. The Commission said it deeply regretted the Council's choice.
