

Air transport: allocation of slots at Community airports (amend. Regulation (EEC) No 95/93)

2002/0013(COD) - 25/03/2002 - Council position

The Council fully agreed with the Commission's approach. However, whilst examining the proposal, it noted that it could not accept the amendment proposed by the European Parliament, which aimed to introduce an Article 10b. It also made the following two amendments which are not of major substantive significance: - deletion of the first sentence of Article 10a of the proposal, given that reference is made to the terrorist attacks in the recitals, - maintenance of the date of 11 September 2001 as the reference date for the scheduling of slots.
