Large combustion plants: emissions limit values (amend. Directive 88/609/EEC)

1992/0524(SYN) - 08/06/1994 - Council position

The only major amendment made by the Council to the Commission's proposal gives Member States the facility to grant installations authorized between 1 July 1987 and the deadline for transposition of the directive into national law an extra year for complying with the limit value set. Parliament's three amendments to the recitals were not accepted by the Council.
