

Eurodac system for the comparison of the fingerprints of applicants for asylum and certain other aliens for the effective application of the Dublin Convention

1999/0116(CNS) - 11/05/2000 - Amended legislative proposal for reconsultation

On 10 May 2000, the Permanent Representatives Committee recorded an Agreement on a new text of the draft Eurodac Regulation which will be forwarded to the European Parliament for reconsultation on the question of comitology. It should also be noted that the European Parliament shall express its opinion on the whole text which was forwarded to it (and not just on the single question of comitology).
