Safety at work: personal protective equipment PPE (amend. Directive 89/686/EEC)

1995/0279(COD) - 31/01/1996 - Economic and Social Committee: opinion, report

The Committee approves this proposal aimed to simplify costly administrative requirements imposed on the manufacturers because no aspects relating to users' health and safety will be diminished, and proper technical consultation of interested parties (which expressed their approval) has been carried on by the Commission.
