Dangerous substances: classification, packaging and labelling (amend. Directive 67/548/EEC)

1995/0325(COD) - 28/02/1996 - Economic and Social Committee: opinion, report

Although the proposed amendment addresses a purely formal/routine aspect of the issue - terminology - it is a legal requirement. The Commission proposal is however belated to say the least: the Maastricht Treaty was signed on 7 February 1992.
