Dried fodder: common organisation of the markets COM

1995/0073(CNS) - 31/05/1995 - Economic and Social Committee: opinion, report

The ESC essentially endorsed the Commission proposal. It noted that, whilst the Austrian national guaranteed quantities for dried fodder largely satisfied the production requirements, the same could not be said of Finland and Sweden, both of which had produced considerably more artificially dried fodder in the years preceding the 1992/1993 reference period.
