Milk and milk products sector: additional levy (amend. regul. 3950/92/EEC)

1997/0328(CNS) - 02/02/1998

The Commission unanimously adopted the draft legislative resolution on the approval of the Executive's proposal concerning the final extension, until 31 March 2000, of the derogation applicable to Germany's new Länder. The rapporteur, Mr Lutz Goepel (PPE, A) asked for the extension to be granted on the basis of the statement of reasons given by the Commission and the Council and, more importantly, stressed that the proposal would not have any financial impact on the budget given that no additional milk exempt from the additional levy would be supplied.
