1988/1989 to 1997/1998 wine years: permanent abandonment premiums of wine-growing areas (amend. regul. 1442/88/EEC)

1997/0226(CNS) - 10/12/1997 - Economic and Social Committee: opinion, report

The Committee welcomes the proposed amendment to Regulation 1442/88/EEC which seeks to increase by 950 ha the quota allocated to Germany. This proposal will make it possible for meaningful use to be made, in Germany too, of the programme for regulating wine-growing areas.
