

Flavouring substances used or for use in foodstuffs

1993/0478(COD) - 25/04/1994

The committee on the environment adopted the draft report of Mrs JENSEN. In her explanatory statement, the rapporteur stressed that the directive 88/388/EEC cannot have the desired effect unless the Community procedure is approved. The scientific committee for Food should have the final say as regards substances to be included on the EC's positive list.
