Montreal Protocol on substances that deplete the ozone layer: amendment

1999/0157(CNS) - 24/05/2000

The committee adopted the report (consultation procedure) by Anneli HULTHÉN (PES, S) approving the proposal on the conclusion of the amendment to the Montreal Protocol on substances that deplete the ozone layer. The committee felt that the Montreal Amendment would improve the protection of the ozone layer, since it provided a higher degree of control of trade in ozone-depleting substances.
