Environmental protection: combating serious crime. Framework Decision. Initiative Denmark

2000/0801(CNS) - 19/03/2002

The committee adopted the report by Giuseppe Di LELLO FINUOLI (EUL/NGL, I) amending the Council's proposed framework decision under the consultation procedure (reconsultation). It felt that the framework decision should be consistent with the Commission's draft directive on the same subject and should therefore simply refer back to that directive and not repeat what will be covered by it. MEPs accordingly deleted many of the articles in the proposed framework decision and adopted other amendments containing direct references to the directive.
