Conservation of fishery resources: the Baltic Sea, the Belts and the Sound (amend. Regulation (EEC) No 1866/86)

1995/0338(CNS) - 28/05/1996

The committee adopted the draft legislative resolution. The amendments to the Commission proposal relate to the quota system for cod from the Baltic Sea, which had not functioned as intended. The report called on the Commission to undertake a study on the feasibility of replacing the current quota system for cod by fixing a limit on the engine power for fishing boats, with a transitional period for the traditional fishermen in the Baltic Sea.
