Decentralized Community agencies: establishment of the European Monitoring Centre for Drugs and Drug Addiction EMCDDA (amend. Regul. 302/93/EEC)

1993/1202(CNS) - 22/07/1993 - Legislative proposal

The proposal for a regulation from the Council entails a technical amendment to Article 11 of Regulation No 93/302/CEE, concerning financial provisions for the European Monitoring Centre for Drugs and Drug Addiction. Since the Monitoring Centre has its own budget, it must also have its own financial regulations to enable it to function as soon as it starts operations. It is therefore proposed that, after the Commission and the Court of Auditors have been consulted, the Management Board should adopt the internal financial provisions laying down rules for the establishment and implementation of the Centre's budget.
