Extension of the PHARE programme to the Former Yugoslav Republic of Macedonia FYROM (amend. regul. 3906/89/EEC)

1995/0814(CNS) - 30/01/1996

The Committee on External Economic Relations unanimously adopted the draft legislative resolution supporting the Commission's proposal which aims to amend Regulation No 3906/89 on the PHARE programme. As a result, the former Yugoslav Republic of Macedonia will be reintegrated in the group of States benefitting from this type of economic aid, after Slovenia and Croatia; the Commission shall ensure however that the annex to the basic regulation is modified once a consensus has been reached as to a definitive name for this State.
