EEA agreement: amending annexes I (phytosanitary and veterinary) and II (standards, testing and certification)

1994/0922(CNS) - 14/11/1994

The Committee unanimously adopted the report on the five decisions of the EEA Joint Committee amending protocol 31 of the EEA Agreement on cooperation in sectors which lie outside the four liberties: - Annex XXII (rights of undertakings); - Annex I (veterinary and phytosanitary matters); - Annex II (technical regulations, standards, tests and certification) of the same Agreement. The Committee proposed that Parliament should give its assent to these decisions. It was pointed out that Parliament had been referred to by the Council on the basis of consultation (Article 228 of the Treaty). The Titley report would be discussed in the plenary session of Wednesday 16 November as part of a joint discussion involving the Kristoffersen report on certain arrangements for the application of the EEA Agreement.
