EC/Kazakhstan agreement: interim agreement on trade and trade-related matters

1995/0031(CNS) - 21/02/1996

The Committee approved the report by Mr Raymond CHESA (RDE, F) on the interim agreement with Kazakhstan. The rapporteur believed that Parliament, in approving this interim agreement, would be promoting the rapid implementation of the commercial and economic aspects of the partnership agreement which would not be ratified by the Member States.
