# Partnership and cooperation agreement EC /Ukraine

1994/2169(INI) - 29/11/1994

The committee unanimously adopted two draft reports on the partnership agreement and interim agreement with the Ukraine. The rapporteur was in favour of Parliament's approving the conclusion of these two agreements because they represented the minimum the Union could do with regard to economic and commercial cooperation in order to help the Ukraine on the difficult road to economic reform.
