Maritime safety: ship inspection and survey organisations

1993/0518(SYN) - 06/04/1994 - Modified legislative proposal

In its modified proposal the Commission incorporated all the amendments adopted by Parliament, on the grounds that they made the text more widely acceptable from a political point of view, and introduced measures which allowed those agencies which met the criteria set out in the Annex to carry out statutory inspections on behalf of the national administrations and under the close supervision of the Commission.
