EHLASS: Community system of information on home and leisure accidents, renewal for the period 1994-1997

1994/0031(COD) - 11/05/1994 - Modified legislative proposal

The Commission's amended proposal took over the European Parliament's amendments aimed at maintaining the same level of Community financial support, whilst the initial proposal provided for a reduction in Community support. Thus, Community funding would be allocated according to the uniform rate representing 80% of actual costs during the next four years until 1997.
