Imports of certain products of animal origin, fishery products and live bivalve molluscs

1994/0141(CNS) - 10/06/1994 - Legislative proposal

This proposal for a decision aimed to define the way in which the Commission drew up, on a provisional basis and pending the definitive Community lists, provisional lists of third country establishments from which Member States were authorised to import certain products of animal origin(e.g. fresh poultrymeat, meat products, wild game meat, crude milk or heat-treated milk, dairy products), fishery products or live bivalve molluscs.
