Organic production of agricultural products and indications referring thereto on agricultural products and foodstuffs

1993/1040(CNS) - 08/07/1994 - Modified legislative proposal

The Commission's amended proposal incorporates a number of amendments adopted by the European Parliament in plenary seeking to: - improve the definition of the rules of origin of agricultural products, - introduce new procedural regulations (measures and rules relating to authorisations granted by Member States and the transmission of information to other Member States, the economic circles affected and the Commission), - introduce technical changes to the German version of the proposal, - avoid fraudulent use of certain indications provided for in the regulation, especially in Annex V.
